The St. Bernard or St Bernard (UK: / ɛ̃ˈ b ɛ̃ˈɛr n ɛ̃ˈɛr d /, US: / b ɛ̃ˈɛr n ɛ̃ˈɛr d /) is a breed of very large working dog from the western Alps in Italy and Switzerland. They were originally bred for rescue by the hospice of the Great St Bernard Pass on the Italian-Swiss border. The hospice, built by and named after Italian monk Bernard of Menthon, acquired its first dogs between 1660 and 1670.

St. Bernard (dog) - Wikipedia

Biodiversity is not evenly distributed, rather it varies greatly across the globe as well as within regions. Among other factors, the diversity of all living things depends on temperature, precipitation, altitude, soils, geography and the presence of other species. The study of the spatial distribution of organisms, species and ecosystems, is the science of biogeography.

PDF Downloads of all 809 LitCharts literature guides.: Teacher Editions. Close reading made easy for students. Time saved for teachers. Quotes explanations. Find the perfect quote. Understand it perfectly.

LitCharts | From the creators of SparkNotes, something better.

Arxivsorter ranks papers from arxiv.org based on your own interests.. It simply asks for a few favorite authors and then estimates the relevance of arbitrary papers using information from authorship proximity and semantic similarity.. It is not a filter and therefore does not lose any information.

This review discusses the mechanisms of generation and potential impacts of microplastics in the ocean environment. Weathering degradation of plastics on the beaches results in their surface embrittlement and microcracking, yielding microparticles that are carried into water by wind or wave action.
