### **Hegel's Concept of Experience: With a Section from Hegels**

Leaving aside both the author and the topic, this was a helpful book. It is Heidegger's running commentary on key passages in the Phenomenology of Spirit. It illuminates Hegel and provides a entry point to Heidegger's larger work. Heidegger reads Hegel as arguing that being is being-present. It is ...

### **Hegelâ€™s Concept of Experience - G. W. F. Hegel**

While in the two books of objective logic, the movement had been between particular concepts, being, nothing, becoming etc., in the subjective logic, the conceptual relations are grasped at a meta-level, such that the concept concept treated in Chapter 1 of section 1 (Subjectivity) passes over into that of judgment in Chapter 2. It is important to grasp the basic contours of Hegelâ€™s treatment of judgment as it informs his subsequent treatment of inference.

### **Georg Wilhelm Friedrich Hegel (Stanford Encyclopedia of**

The three philosophers of my concern here all represent concepts of experience different from mainstream philosophy and research, however. In addition, I claim, their concept of experience is more in line with an important everyday, common-sense usage of the word and concept.

The concept of freedom is one which Hegel thought of very great importance; indeed, he believed that it is the central concept in human history. "Mind is free", he wrote, "and to actualise this, its essence" to achieve this excellence "is the endeavour of the worldmind in world-history" (VG, p. 73).
