Hirschman's (1970) theory of exit, voice and loyalty was one of the first to conceptualise customer complaint responses. According to Hirschman (1970), the customer can choose to voice a complaint to the seller or a third party and then exit the relationship with the seller through switching or determination.

Hirschman's linkages theory would agree that industries are important only when they complement the existing production structures. Yet many policies based on forward linkages remain quite popular. Similarly it was felt that the prominent role for linkages was despite the lack of clear theoretical foundations and that without any clear definition of a market failure.5) Krugman(1995).

Albert O. Hirschman was Professor of Social Science, Emeritus, at the Institute for Advanced Study in Princeton, following a career of prestigious appointments, honors, and awards. Perhaps the most widely known and admired of his many books are Exit, Voice, and Loyalty (Harvard) and The Passions and the Interests (Princeton).

### **Exit, Voice, and Loyalty : Responses to Decline in Firms**

This article discusses the policy response to hedge funds activism in corporate governance based on Hirschman's classic: Exit, Voice and Loyalty. From that perspective, the article argues that hedge funds do not create the loyalty concerns underlying the usual short-termism critique of hedge funds ...

### **Exit, Voice and Loyalty from the Perspective of Hedge**

As exit often undercuts voice while being unable to counteract decline, loyalty is seen in the function of retarding exit and of permitting voice to play its proper role. The interplay of the three concepts turns out to illuminate a wide range of economic, social, and political phenomena.
