Historiography is the study of the history and methodology of the discipline of history and has a number of related meanings – Firstly, it can refer to how history has been produced: the story of the development of methodology and practices.

“All history is contemporary history” Benedetto Croce

The writing of history is not merely a technique involving an outline, citations, and footnotes: it represents a choice. The researcher has the opportunity to write. By the same token, an opportunity for knowledge is available to the writer: literature has a historical, sociological, and anthropological potential.

Project MUSE - History Is a Contemporary Literature

Contemporary artists use whatever they think illustrates their idea most appropriately. Nowadays artists have many different methods and materials to use. Some use painting and drawing but there is also photography, sculpture, film, new media, live performance, light, sound and installation. Contemporary art is therefore very varied.

What is contemporary Art?

To many people, coming up with a contemporary art definition can be a troublesome task. While its title is simplistic and straightforward, its modern-day meaning is not as clear-cut. Fortunately, understanding what constitutes as “contemporary” is entirely possible once one traces the concept’s history and explores its underlying themes.
