Medical uses. The main use of linezolid is the treatment of severe infections caused by anaerobic Gram-positive bacteria that are resistant to other antibiotics; it should not be used against bacteria that are sensitive to drugs with a narrower spectrum of activity, such as penicillins and cephalosporins. In both the popular press and the scientific literature, linezolid has been called a ...

Method. An integrative literature review was adopted to meet the objective of the study. This is a wider type of revision that includes both experimental and non-experimental research, allowing for the synthesis of multiple published studies and the development of a comprehensive explanation of a specific phenomenon.

Lean thinking in health and nursing: an integrative

If you are a teacher searching for educational material, please visit PBS LearningMedia for a wide range of free digital resources spanning preschool through 12th grade.
