With the recent revision of the CCNA exam, Cisco raised the bar considerably, adding simulation questions to verify the skills associated with hands-on router configuration. Sybex welcomes this new testing feature as we strongly advocate a comprehensive and practical instructional approach to certification exam preparation.

I'd go with the new one, but it shouldn't matter that much. If you want to be absolutely sure of covering all the topics, even the new ones like Internet of Things and Attribute-Based Access Control, then go for the 8th Edition. I found very few differences and a better explanation of concepts in the 8th edition.
